

## Speaking at River Landing Board Meetings

A member of the River Landing community who would like to address an issue with the River Landing Board must notify the Associations President or Secretary 48 hours in advance of a regularly scheduled Board meeting in writing that they wish to do so and the topic (agenda item or another subject). They shall in accordance with Florida statute and upon advice of council be given 3 minutes to address the specific topic unless the President has agreed to provide for additional time. A resident cannot bring up a topic more than once in a given quarter unless the President waives that rule at his or her discretion.
